

ART WINE FOOD FUN!

FOOD & WINE TASTING TOUR

Tuscany is famous for its wines, cheeses, extravirgin olive oil and salami. Welcome! We'll taste some of these products while walking along the streets of the old town, going inside the patios of some of the most important Renaissance families' houses. These families have been producing wine for centuries. We also will get inside the market, the real food mecca! This is the perfect place to meet local butchers, tripe mongers, producers or just good cooks and restaurants. Finally we will take a relaxing moment by sitting in a refined wine bar to enjoy a Tuscan aperitif!
